

SCIENTIFIC POSTER

LINC
ASIA - PACIFIC
2016

Posters will be displayed during the course in the industry exhibit

- Endovascular treatment TASC II C and D aorto-iliac lesion *Simon Papoyan*
- Successful PTA in a 93-year-old woman with left leg edema due to left multiple femoral AVF and left iliac vein CTO *Chung-Ho Hsu*
- Successful PTA with EKOS and TAPAS-assisted thrombolysis in a patient with severe left leg DVT and active GI bleeding *Chung-Ho Hsu*
- Bilateral common iliac ostial intervention from one side *Shreesha Rao*
- Isolated idiopathic right common iliac artery aneurysm presented as acute appendicitis in 9 year old girl *Samer Koussayer*
- Prevalence of Ilio-Caval Vein-Obstruction (ICVO) in chronic advanced venous disease (C4, C5 & C6) *Lawish Agarwal*
- Esophageal rupture as late complication of hybrid repair of ruptured thoracoabdominal aortic aneurysm *Samer Koussayer*
- Acute aortic occlusion secondary to maldeployment of TEVAR. My worst night mare. *Samer Koussayer*
- Bail out stenting with culotte stent technique for common iliac artery. *Hideto Sengen*
- Mechanical thrombectomy with Rotarex in endograft limb occlusion after EVAR-Case report *Weihao Shi*
- Microbubbles in acute peripheral arterial occlusions *Kak Khee Yeung*
- Subclavian artery CTO recanalisation *C. D. Ramakrishna*
- Catheter-directed thrombolysis *Harm P. Ebben*
- Aneurysm formation in a femoropopliteal venous bypass after drug coated balloon angioplasty *Erwin Blessing*
- Early experience with Angiojet in a single vascular unit *Farshid Niknam*
- Successful percutaneous Fogarty catheter embolectomy in a patient with recurrent acute limb ischemia *Toshinori Ko*
- Management of acute arterial mesenteric ischemia (AAMI) in a tertiary care centre *Lawish Agarwal*
- Total endovascular repair of a mycotic abdominal aortic aneurysm involving multiple visceral branches *Pranati Swain*
